MANX MOTOR RACING CLUB

Bulletin 29

March 2020

Manx Classic 2020 Cancellation

As you will now be aware, the Manx Motor Racing Club's Manx Classic event for 2020, including the on-island training session scheduled for the 28 March has been cancelled.

The Manx Classic is unique and has been built up over several years, so to have to cancel this year's event is very disappointing, particularly bearing in mind that last year was the first time that we not only filled the entry list to capacity but also had several reserves.

The reason for the cancellation is due to the spread of the Coronavirus, and the preventative actions and limitations placed on everyone as laid down by

both the UK and Manx Governments regarding many aspects of normal life, together with the withdrawal and suspension by Motorsport UK of all event permits until at least the end of April 2020.

This situation is understandable and we should all do what we can to help others as well as ourselves. The full text of Motorsports UK's announcement can be found on their website: <https://www.motorsportuk.org>

Many thanks to all of those who volunteered and made yourselves available as marshals and officials for the 2020 event. Your contact details will be retained in our marshal database and you will be approached later this year regarding your help and assistance for this event in 2021.

So if you want to start negotiations with management, log the event in your e-calendars or utilise that fridge magnet, the dates are:

- **Thursday 29th April 2021** **The Sloc**
- **Friday 30th April 2021** **Creg Willy's**
- **Saturday 1st May 2021** **Lhergy Frissell**

Please look after yourselves over the next few months, be careful and remain safe.

Graham Malcolm, Clerk of Course

Paul Dewar, Chief Marshal
